

# SPECIAL HELI FISHING OFFER

SPACE IS LIMITED

[www.lakutaialodge.com](http://www.lakutaialodge.com)

*Welcome to Patagonia & Cape Horn The Southernmost Helifishing Experience  
Explore the remote and unspoiled land of Patagonia & Cape Horn*

**EXPLORING THE SOUTHERN TIP  
OF SOUTH AMERICA**

We will fish within what is recognized as one of the 24 most pristine areas on the planet. This Unesco World Heritage Site is where we find Isla Navarino whose capital is Puerto Williams, the southernmost city in the world. It is in this remote land is where the Lakutaia Lodge is found.

“Lakutaia”, a word found in the language of the Yamana group of indigenous people, means the “Bay of the Royal Cormorant”.

## GETTING THERE

Guests must fly to Santiago-Chile and then take a connecting flight to Punta Arenas. You will overnight there and then you will have a day to spend touring this wonderful city. The following morning guests fly to Puerto Williams (1 hour and 15 min flight), where you will be met at Lakutaia Lodge. Upon arrival at the lodge, guests are welcomed with our typical Pisco Sour cocktail prepared by the Lakutaia Lodge staff.

## Punta Arenas Hotel

Hotel José Nogueira has 22 rooms, including 5 finely decorated suites, and has all the amenities of a fine hotel.

In order to preserve the historic integrity of the building, the available spaces were adapted and not all the rooms are exactly alike. Some of them are more spacious than others, but each one of them has its own personality and unique characteristics. This hotel has wonderful service staff which, combined with the unique layout and historic location, provide you with a special stay instead of the generic standardized boxy chain hotel experience.

<http://www.hotelnogueira.com>

## LAKUTAIA LODGE

Lakutaia Lodge has 22 comfortable double rooms each with a private bath, central heating, spacious halls, a nice library, and a map room/library where guests can look up information on topics related to indigenous groups, botany, fauna, and geography of this southern region. International and typical regional cuisine will be served in the warm and attractive dining room.

For those that love fly-fishing, having the opportunity of fishing lakes and rivers that other lovers of this sport can only dream about fishing is a rare and unique experience. LAKUTAIA LODGE invites you to fly fish in the southernmost part of the planet where there are Brown Trout, Brook Trout, Rainbow Trout, and the Sea Run Brown Trout, famous for being the southernmost in the world.

# TECHNICAL INFORMATION

Technical Information:  
Twin Otter: This fixed wing aircraft is the one that is flown  
Capacity: 16 passengers  
Twin Engine  
Capacity STOL  
Full Anti-icing  
Velocity: 240 knt

## CLIMATE

Temperatures range is from 40's in the morning to over 80 in the afternoon. Bring warm clothing that can be layered. You may also wish to visit [www.myweather2.com](http://www.myweather2.com) to check our forecast at Patagonia Chile.

<http://www.myweather2.com>

## CLOTHING

Pack light, warm and windproof clothing. Those visiting us in the late season can count on cold mornings and evenings. Wind Bloc and Wind Stopper fleece products are very good and when combined with breathable waders and a wading jacket is an effective combination. Gore Tex is excellent and offers superior protection that will keep you warm and comfortable all day. Prepare to dress in layers. Remember your sunscreen and polarized sunglasses.

## AIRCRAFT FLEET

Our fixed wing aircraft and Helicopters are well equipped to operate in this remote area. They are maintained to the highest standards in the industry

The BO 105 is a light utility versatile helicopter with twin-engines developed by the German aircraft manufacturer Bölkow in Stuttgart, Germany. The BO 105 was produced by the company Messerschmitt-Bölkow-Blohm (MBB) until 1991, the year in which it became part of Eurocopter Group.  
CREW 2: Pilot and 1 fishing guide.  
CAPACITY: Maximum 3 passengers.

Sea trout, Salmo trutta

Brown trout, Salmo trutta

Brook trout, Salvelinus fontinalis

Sea-run brook trout (salters)

Rainbow trout, Oncorhynchus mykiss

Sea bass, Eginops maclovinus

### GUIDES

Rafael González, founder of the first "Lodge" in Rio Grande, Tierra del Fuego, Chile, is the owner of the company "Magallanes Fly Fishing Ltda" which has been specializing in the Chilean/ Argentinean areas of Patagonia and Tierra del Fuego. He is currently working on Navarino Island with "Lakutaia Lodge" acting as Fly Fishing Manager. Our lodge is located about 15 minutes flying time from the border. We are surrounded by the southernmost rivers, lagoons and lakes in the world. This location provides a great variety of fishing opportunities.

You will be able to experiment with new fly fishing techniques and learn everything about "two handed rods" with the best internationally recognized guides.

***"I invite you to enjoy this beautiful land with amazing dawns and captivating dusks, in mythic southern Patagonia in Tierra del Fuego and Beagle Channel. Come to Cape Horn and Navarino Island where we are prepared to give you an unforgettable experience."***

Rafael González.

## Additional Items:

### POWER AND COMMUNICATIONS

The Lodge has 220 volt 50 cycle power and takes the rounded two-prong adaptors. The Lodge has adaptors for their guests. Just ask at the Reception Desk for assistance. Telephone in the rooms and free internet access in the public areas are available.

### GRATUITIES

The lodge recommends 10% of the program rate as total tip for the guides and the lodge staff. Guides generally fish 8 hours per day. They will cater to the serious angler who fishes longer hours but it would be appreciated if guide tips would be adjusted accordingly.

### CURRENCIES

If you are entering Chile and you are bringing cash money that exceeds the USD 10,000.- or the equivalent in other currencies, even if it is in Chilean Pesos - you will have to declare it by contacting one of the employees of the National Customs Department. Hotels in Chile normally accept Chilean Pesos and American Dollars; also credit card payments are accepted, Visa, Mastercard, American Express, Diners Club International and Magna.

### DOCUMENTATION

You will need a valid passport to enter Chile. Please make sure your passport is valid for six months after the last day of your trip. Please note when clearing customs upon entering the country Chile will charge a one-time entrance fee of \$130 dollars per person. Please be prepared to pay this in cash.

### MEDICAL RECOMMENDATIONS

All guests have the responsibility to disclose any kind of special medical, physical, or dietary needs to the Lodge ahead of time in order to facilitate a safe and enjoyable excursion. The Lodge will make every effort to ensure your safety while you are a guest at the Lodge however, outdoor activities of this nature are not entirely without risk. The Lodge also recommends investing in travel insurance.

### FISHING INFORMATION

You will be fishing the southernmost rivers of Chilean Patagonia on Navarino Island. This outlet river for Navarino Lake is full of Brook and Brown Trout, and a small amount of Rainbow Trout. Most fly-fishing on this river is done with floating line and wet flies.

### LINES

To be well prepared for Navarino, you should include at least three lines to accommodate varying water levels and wind conditions. Floating lines are typically most useful in low water conditions. We often use floating line with polyleader as intermediate to extra fast sinking tip. A good range of sinking polyleaders is a must. For a single handed rod, 5 to 10 feet is the best choice. We recommend bringing a wading staff to safely wade these slippery bottomed rivers.

*We hope to see you in Patagonia &  
Cape Horn at the Southernmost  
Heli-Fishing Experience*
